STIRLING TOWERS' 100TH BIRTHDAY

The Board, in conjunction with the Events, Design and Garden Committees, is planning a series of events to celebrate the 100th birthday of Stirling Towers in 2014.

STIRLING TOWERS GARDEN PARTY

To kick off the 100th birthday celebration, everyone is invited to a potluck end of summer party in our beautiful garden on Saturday, September 28, 2013, 4-6 pm. (rain date, Saturday, October 5, 2013). There will be some grilled meats provided, but it would be great if people brought salads, vegetables, side-dishes, easy things to grill, drinks, etc. A sign-up food sheet will be posted on the bulletin board. However, the main point is to come, meet and have fun with all of our wonderful friends and neighbors.

HALLWAY FLOORS

The hallway floor project is almost complete and the Board is happy to report that the results have exceeded its most optimistic expectations.

BUILDING ENTRANCE

We would like to thank Vanessa Robinson (assisted by Lori McFarland and Tim Macy) for making the entrance to Stirling Towers a great deal more attractive by overseeing the selection and installation of our beautiful new planters.

KEY PROJECT

The Board strongly advises each resident to provide our super, Sam Sabovic, with a copy of the key or keys necessary to gain access to your apartment in an emergency. A new coding system was created several years ago to assure that keys could be stored safely and securely.

To make certain that all emergency keys currently stored still open the doors they are supposed to, Sam will be checking each key and you will be notified if your emergency key no longer works.
