

JUNE 26, 2014

Anniversary Garden Party Barbecue

The Stirling Towers 100th Anniversary Party & Barbecue will be held Saturday, September 20th, from 3 to 6pm. Save the date! The social committee will be arranging some in-house music for this event, and so if you're willing to perform, please contact Diane and Yasmin.

Front Courtyard

The recent patching of the concrete in the front courtyard is a temporary fix while the Board begins the process of making long term repairs. This capital project will address the courtyard's infrastructure, drainage, waterproofing as well as replacing and improving the steps and stoop. The board is currently in the process of securing an engineering firm to oversee the project. Many thanks to Tim Macy and Bin Weng and the Design Committee for their input and expertise.

Electronics recycling

We will soon have an electronics recycling container in the basement, courtesy of the New York City Sanitation Dept. This will make it a lot easier to dispose of electronic equipment as well as used batteries.

Garden News

If you would like to reserve the garden for a private party, please contact our Garden Committee Chair, Chris Japely at saintbeuno@earthlink.net.

The Garden Committee is happy to announce the arrival of a gorgeous new grill.

There is an additional composter available right outside the basement door to the garden (REAR door nearest the garbage/recycling area). You don't have to carry your compost all the way to the garden corner if you need a more convenient drop off point. Composting advice and hints are posted in the garbage/recycling room on the board, and any questions can be directed to Chris at saintbeuno@earthlink.net.

Special thanks to Verena, James, and Ross for recent contributions to our garden!
